

As a resident of what was 113, I'm absolutely appalled that you've squeezed Marie Newman out of this district. She was a breath of fresh air after a lifetime of corruption under the family Lipinski. I live in Burbank and it appears you have carved out this town from the rest of the former district. Why? Who is our Congressperson now? I had hoped Illinois would start to heal and rebuild from the staggering corruption of the Madigan era but obviously it goes on. Hopefully, Adam Kinzinger will run for Governor as it will be my pleasure to vote Republican for the first time in 48 years of voting. Shame on all of you.
